

Honey Myrtle

MELALEUCA TERETIFOLIA

Purify your home & Calm your mind

Our Honey Myrtle is locally grown and distilled right here in the South West Region of Western Australia by a local family run farm. It has a comforting scent like warm honey and lemons and is sweet, fresh and sparkling citrus character.

It is closely related to Tea Tree and similar to Lemon Myrtle. The essential oil contains up to 70% citral, which has been shown to be **anti-microbial, particularly antifungal, anti-viral and also sedative.**

Uses: The perfect choice for diffusing during meditation or relaxation practices. Additionally, honey myrtle oil can be diluted and applied topically to help soothe skin irritations or minor wounds, thanks to its potent anti-microbial properties. Beyond this, it also serves as a versatile addition to your cleaning routine. A few drops can help to naturally disinfect surfaces, leaving your home enveloped in a refreshing, citrusy scent.

Try Honey Myrtle in our hydrosol mists, pure essential oil, and other products that contain this incredible local native plant and enjoy the benefits.

Fragonia

AGONIS FRAGRANS | TAXANDRIA FRAGRANS

Breathe Deeply & Relax Your Body

Our Fragonia is locally grown and distilled right here in the South West Region of Western Australia by a local family-run farm. one of Australia's newest essential oils, and is very unique, with three equally distinct components. It is wonderful to help with relaxation, is calming, and is great for emotional stress and overwhelm. Fragonia essential oil is also good for tired joints or muscles.

Uses: Fragonia essential oil is a versatile and beneficial oil renowned for its therapeutic properties. Its anti-inflammatory and antimicrobial properties make it a valuable addition to skincare routines, helping to soothe irritated skin and prevent infections. Fragonia essential oil is also known for its capacity to enhance respiratory health by easing congestion and supporting the immune system. Furthermore, its pleasant, mild fragrance makes it a popular choice for use in diffusers, creating a calming and harmonious atmosphere in any space.

Try Fragonia in our hydrosol mists, pure essential oil, and other products that contain this incredible local native plant and enjoy the benefits.
